INTERNAL MEDICINE FOR PRIMARY CARE:
DERMATOLOGY/INFECTIOUS DISEASE/NEUROLOGY/
PSYCHIATRY

Maui, Hawaii – Grand Wailea, A Waldorf Astoria Resort
February 7 – 11, 2016
Sunday, February 7th:

3:30 pm – 4:00 pm
Registration

4:00 pm – 5:00 pm – Infectious Disease
Emerging Infectious Diseases
Novel influenza viruses, resurgence of vaccine-preventable diseases, zoonoses and disease related to animal exposures (including vectors such as mosquitoes that bear west nile virus and dengue), bioterrorism and food/waterborne illness

5:00 pm – 6:00 pm – Infectious Disease
Gastrointestinal Infectious and Clostridium Difficile
Presentation on important enteric pathogens and their recognition, diagnosis and management; special emphasis on clostridium difficile colitis and related updates from the ID and infection control literature

6:00 pm
Session Adjourns
Monday, February 8th:

7:30 am – 8:00 am
Hot Breakfast

8:00 am – 9:00 am – Dermatology
Benign Skin Tumors.
Nevi, seborrheic keratosis keloids, hemangiomas and miscellaneous tumors

9:00 am – 10:00 am – Dermatology
Acne and Acneiform Eruptions
Topical and systemic therapy

10:00 am – 10:10 am
Coffee Break

10:10 am – 11:20 am – Infectious Disease
Case Presentations: Respiratory Tract Infections
A case-based interactive discussion highlighting critical points regarding the diagnosis and management of pneumonia and bronchitis – with a focus on the impact of multidrug resistant pathogens

11:20 am – 12:30 pm – Infectious Disease
Evidence-based Healthcare-associated Infections
Presentation on important pathogens in the healthcare setting and related clinical, epidemiologic and infection control information (please note that the discussion on blood-borne pathogens will NOT suffice for standard hospital CME requirements for BBP training)

12:30 pm
Session Adjourns
Tuesday, February 9th:

7:30 am – 8:00 am
Hot Breakfast

8:00 am – 9:00 am - Dermatology
Premalignant and Malignant Skin Tumors
Actinic keratosis, Bowen's disease, squamous cell carcinoma, basal cell carcinoma, melanoma and other selected tumors

9:00 am – 10:00 am – Dermatology
Skin Surgery for Primary Care

10:00 am – 10:10 am
Coffee Break

10:10 am – 11:30 am – Psychiatry
Antidepressants Don’t Work Doc
Bipolar spectrum disorders in adults compared to children and adolescents; the importance of longitudinal/developmental history; multiple medical and psychiatric comorbidities; evidence-based treatments

11:30 am – 12:30 pm – Psychiatry
I Just Drink a Few Beers At Night (Substance Abuse)
Substance abuse history-taking to encourage patient honesty; accurate diagnosis; use of screening tools; co-morbidities and treatment options.

12:30 pm
Session Adjourns
Wednesday, February 10th:

7:30 am – 8:00 am
Hot Breakfast

8:00 am – 9:00 am – Psychiatry
I Don’t Care About Anything, Doc (Depression)
History taking, diagnosis and treatment of depression across the lifespan; pharmacologic and non-pharmacologic treatment options; rational polypharmacy

9:00 am – 10:00 am – Psychiatry
I’m Always So Nervous, Doc (Anxiety Disorders)
Generalized anxiety disorder, panic disorder, and social phobia; focus on etiology, diagnosis, co-morbidity and treatment of these common and disabling conditions

10:00 am – 10:10 am
Coffee Break

10:10 am – 11:20 pm – Neurology
Neuropathy and Neuropathic Pain Management
Discussion of the spectrum of neuropathic signs, symptoms and causes; the approach to bedside examination; discussion of the mechanism of neuropathic pain; effective therapies

11:20 pm – 12:30 pm – Neurology
Prevention and Management of Cerebrovascular Disorders
Epidemiology; identifying the high-risk patient; treatment effects; transient neurological deficit: carotid, vertebrobasilar; non-specific cerebral symptoms; migraines vs. TIA; treatment options

12:30 pm
Session Adjourns
Thursday, February 11th:

7:30 am – 8:00 am
Continental Breakfast

8:00 am – 9:00 am – Neurology
Headaches and Migraines: Vascular & Non-Vascular
Basic headache mechanisms; headache history: characteristics, precipitating factors, medical conditions; migraine: common tension, classic, treatment, complicated, cluster, sinus; trigeminal neuralgia; Giant Cell Arteritis; brain tumor; subarachnoid hemorrhage; emergency room treatment

9:00 am – 10:00 am – Neurology
Assessing Dizziness and Vertigo
Definition of terms; concepts; physiologic mechanisms; medical, neurological and laboratory evaluation of the patient; diseases that present with a complaint of dizziness; acute paroxysmal vertigo; acute positional vertigo; Meniere's disease; acoustic neuroma; cerebellar hemorrhage, etc.

10:00 am
Conference Adjourns

Target Audience
This program is targeted to office-based primary care providers and other health professionals with updates in primary care medicine

Learning Objectives
Upon completion of this program, participants should be better able to:
• Diagnose and manage important infectious disease syndromes in a range of organ-based systems (respiratory, gastrointestinal)
• Describe the step-wise approach for the diagnosis and treatment of acne and acneiform eruptions
• Differentiate benign and malignant skin tumors and employ appropriate interoffice procedures
• Identify cutaneous findings that serve as surrogates of internal diseases
• Accurately diagnose and treat (pharmacologic and nonpharmacologic) bipolar disorder, substance abuse, depression, and anxiety disorders in adults
• Utilize prevention and treatment strategies for cerebrovascular disorders and seizures
• Review the pathophysiology of headaches, migraines, dizziness and vertigo, and discuss patient assessment and treatment options

Nursing Purpose Statement
To provide updates in primary care medicine to office based providers
Disclosure of Conflicts of Interest
Medical Education Resources insures balance, independence, objectivity, and scientific rigor in all our educational programs. In accordance with this policy, MER identifies conflicts of interest with its instructors, content managers, and other individuals who are in a position to control the content of an activity. Conflicts are resolved by MER to ensure that all scientific research referred to, reported, or used in a CME activity conforms to the generally accepted standards of experimental design, data collection, and analysis. MER is committed to providing its learners with high-quality CME activities that promote improvements or quality in health care and not the business interest of a commercial interest.

Disclaimer
The content, views and opinions presented in this educational activity are those of the authors and do not necessarily reflect those of Medical Education Resources. The authors have disclosed if there is any discussion of published and/or investigational uses of agents that are not indicated by the FDA in their presentations. Before prescribing any medicine, primary references and full prescribing information should be consulted. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient’s conditions and possible contraindications on dangers in use, review of any applicable manufacturer’s product information, and comparison with recommendations of other authorities. The information presented in this activity is not meant to serve as a guideline for patient management.
Accreditation

Physician Accreditation
Medical Education Resources is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation
Medical Education Resources designates this live activity for a maximum of 17 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Academy of Family Physicians
This Live activity, Internal Medicine for Primary Care, with a beginning date of February 7, 2016 has been reviewed and is acceptable for up to 17 Prescribed credits by the American Academy of Family Physicians. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

American Osteopathic Association
These programs are approved for 17 hours in Category 2-A by the American Osteopathic Association.

American College of Emergency Physicians
This program is approved by the American College of Emergency Physicians for a maximum of 17 hours of ACEP Category I credit.

Canadian Physicians
The College of Family Physicians of Canada (CFPC) has a reciprocal credit agreement with the American Academy of Family Physicians (AAFP) for activities which offer Prescribed credit. CFPC members who complete these conferences may claim the equivalent number of Mainpro-M1 credits.

American Academy of Physician Assistants
AAPA accepts certificates of participation for educational activities certified for Category I credit from AOACCME, Prescribed credit from AAFP, and AMA PRA Category 1 Credit(s)™ from organizations accredited by ACCME or a recognized state medical society. Physician assistants may receive a maximum of 17 hours of Category I credit for completing this program.

Nursing Accreditation
Medical Education Resources is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

This CE activity provides 17 contact hours of continuing nursing education.

Provider approved by the California Board of Registered Nursing, Provider Number 12299, for 17 contact hours.
Pharmacy Accreditation

Medical Education Resources (MER) is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. MER designates this continuing education activity for 17 contact hours (1.7 CEUs) of the Accreditation Council for Pharmacy Education.

Universal Program Number: 0816-0000-16-XXX-L01-P

Participants will be required to sign in at the start of the program and/or complete a program evaluation form. Certificates of credit will be provided at the conclusion of the activity. This activity is certified as Knowledge-based CPE.
